MTL 3.0

Modeling to Learn

Test. Don't guess.

MTL objectives include activities and competencies that...

1. Are meaningful for you and align your learning goals with your team.
2. Develop systems thinking skills to help you see how several things fit together, & understand causes hard to see without data & modeling resources.
3. Make VA data, initiatives, and standards transparent to you.
4. Empower you to realize ongoing improvements in team quality of care & work life.

⊗ Row-Level Security Error?

Email your Facilitator or MTL.Help@va.gov to grant you access.

How to: Navigate the Data UI

Reset: Reset all your filters for **all tabs**. (Use with caution!)

Bookmark: Save your selections and filters for **all tabs**.

Full Screen: Go into Full-Screen Mode.

Apply

Apply Selections: The button will turn yellow to remind you to apply changes.

Search: Type in what you are looking for.

Clear Selections: Click the eraser icon to clear your selections.

Check Filters: Check for filters affecting your data and/or visual.

Focus Mode: Zoom in on the tab.

Filters: Narrow down individual patient information. Click on the table data tab first to see filtering options in the panel.

Viz tabs have a built-in filter on the graphs for extra filtering options (e.g. VVC filter in vizEnc).

Clinic Selection: Filter through the light blue and dark blue columns to build your local team using clinics in the green column.

Team Flow Selection: Filter and select clinics that your team refers to for the Team (SP) Flow: Measurement Based Stepped Care and Suicide Prevention module and track patients stepped up/down.

Viz & Data tabs: Click on to explore through tabs different visualizations, counts, and data on individual patient information (contains PHI).

Team Data tabs: Explore and view descriptive team data.

Team Data for Sim UI: Hover the upper right hand of the table, click on the 3 dots, then click on "Export data" and save the .xlsx file using our team convention (e.g. 640a0_mpd_pct.xlsx) to use in the Sim UI.
